

## Burleigh Manor Middle School Student Supply List for Grades 6-8

### Parents/Guardians:

Please help your child by replenishing supplies during the year as needed.

We are able to assist families in financial need.

Please contact your child's school counselor to request support with supplies.

Please note, these are our suggested supplies. We have a wide variety of teachers for all of our students and different teachers request different items. Keeping that in mind, please hold off on labeling items until the school year begins. You may be able to return some items that are not required by your student's specific teacher(s).

The TI-84 Plus Silver Edition or CE (handheld) graphing calculator will be used in Howard County mathematics courses beginning with Algebra 1 and extending through the end of the mathematics course sequence. Although students will be provided with a graphing calculator for use in school, and have the ability to borrow one for out of school use, students may opt to have their own personal handheld graphing calculator. Students who go on to take mathematics courses in college will often be able to use the same calculator for college course work.
